

PRIVATE GUIDED FOUR WHEEL DRIVE DAY TOURS TO LANDMANNALAUGAR - FROM HOTEL RANGÁ

- Available from 15th June to 31st October.
- Pick up at Hotel Rangá.
- Driving distance ca. 270 km.
- Duration ca. 8 - 9 hours.

This pearl of the interior is situated in a valley between colorful mountains at the dark edge of the rhyolite lava field Laugahraun. Many hot and cold springs create a warm bathing brook, in the middle of this spectacular setting. We begin driving to the rock ledge Gaukshofdi. There, we have a

good view towards the active volcano Mt. Hekla and also over the valley Thjorsardalur which once became deserted following one of Hekla's eruptions. From there we drive to the waterfall Hjalp. Our next destination is Thjodveldisbaer, a farm museum reconstructed according to the medieval farm Stong, which is located a little further up in the valley Thjorsardalur. From there, we drive up to the highland towards Ljotipollur (Ugly pool), a crater formed in a 15th century eruption. As we will be ready at this point for bathing in a hot natural pool or wanting to go hiking, which ever you feel like doing, we now drive to Landmannalaugar. Once we feel energized enough to move on, we drive down Domadalur, a luscious valley just north of the volcano Hekla, and back to Hotel Rangá. In this day tour we can expect to see colorful and unusual landscapes. The road to Landmannalaugar is only open during the summer months.
