This day tour is a long day tour which offers a magnificent and diverse experience of Icelandic nature. The black sand beaches, the ocean and the coastline, the glaciers, the birdlife and the nation's history are just examples of what you will experience

during this tour. We begin the day by driving towards east and throughout the historical area Rangarvallasysla, the setting of the medieval saga Njalssaga. We will then drive to Seljalandsfoss, a beautiful, high waterfall we can walk behind. From there we continue the trip to Skogar, where there is another big waterfall, Skogafoss. Now we drive to Dyrholaey, a promontory reaching out into the ocean, displaying magnificent birdlife. From Dyrholaey we drive to Vik at Myrdal where we can visit a souvenir shop, which specializes in woolen clothes. Now we drive to Kirkjubaejarklaustur and then further east and over the glacier river Skeidara. The highest peak in Iceland, Oraefajokull is there dominating the nature and from there we drive to the glacier lagoon, Jokulsarlon. The lagoon now stands 1.5 kilometres away from the ocean's edge and covers an area of about 18 square km. Jökulsárlón has been a setting for four movies namely, A View to a Kill, Die another Day, Tomb Rider and Batman begins, in addition to the reality TV series Amazing Race. Included in the price is boat tour on the lagoon that takes 1 - 2 hours. After ca. two hour stop we return to your hotel via the same route.
