

PRIVATE GUIDED FOUR WHEEL DRIVE DAY TOURS

LANDMANNALAUGAR, FJALLABAK - FROM SOUTH ICELAND

- Available from 15th June to 31st Oktober.
- Pick up at your hotel.
- Driving distance ca. 350 km.
- Duration ca. 9 - 10 hours.

This pearl of the interior is situated in a valley between colorful mountains at the dark edge of the rhyolite lava field Laugahraun. Many hot and cold springs create a warm bathing brook, in the middle of this spectacular setting. We begin driving to the rock ledge Gaukshofdi. There,

we have a good view towards the active volcano Mt. Hekla and also over the valley Thjorsardalur which once became deserted following one of Hekla's eruptions. From there we drive to the waterfall Hjalp. Our next destination is Thjodveldisbaer, a farm museum reconstructed according to the medieval farm Stong, which is located a little further up in the valley Thjorsardalur. From there, we drive up to the highland towards Ljotipollur (Ugly pool), a crater formed in a 15th century eruption. As we will be ready at this point for bathing in a hot natural pool or wanting to go hiking, which ever you feel like doing, we now drive to Landmannalaugar. Once we feel energized enough to move on, we drive to Eldgja, or "The Fire Fissure", which is 40 km long and stretches from the glacier Myrdalsjokull to the low mountain Gjatindur and beyond it further northeast. It is a unique natural phenomenon, which was created during a tremendous eruption around the year 900. In places it is 600 m wide and very deep. Now we drive to Vik in Myrdal where we rest for a while or we can go to a cafe or restaurant. At Vik we can drive or walk by the coastline and visit a souvenir shop, which specializes in woolen clothes. From Vik we return back to your hotel. The road to Landmannalaugar and north of the glacier Myrdalsjokull is only open during the summer months.

The tour setup and schedule:

- 09:00 From your hotel.
- 10:00 Arrival at Gaukshofdi.
- 10:15 Departure from Gaukshofdi.
